National Precision Bearing/Mechatronics, Inc.  
8152 304<sup>th</sup> Avenue S.E.  
Preston, WA 98050-0613

**Attn:** Bethany Renwick – Operations Manager

**Subject:** New Hampshire Ball Bearings, Inc. / NMB Technologies Corporation / myonic  
**CERTIFIED RELUBRICATION FACILITY**

It is my pleasure to inform you that National Precision Bearing Group of Mechatronics Inc., is hereby re-approved as an “NHBB / NMB and myonic Certified Re-Lubrication Facility”. This designation allows the holder to wash and lubricate bearing assemblies, and includes the removal and replacement of removable bearing shields, and seals, provided that all replacement components are furnished by NHBB for NHBB product and NMB for NMB product and myonic for myonic product. Full bearing and component traceability must be maintained at all times.

This authorization does not include bearings with closures considered to be non-removable. Continuation of this authorization requires reaffirmation of compliance by February 3rd, 2023.

Please do not hesitate to contact me if we can be of further assistance.

Best regards,

A handwritten signature in black ink, appearing to read 'Aaron Tan', is written over a series of horizontal lines that serve as a guide for the signature's length and placement.
